**STEP 1**

**STEP 2**

**STEP 3**

#### SAFETY

The VM Surface Mount Kits are intended to be surface mounted onto a wall and then one of the boards in the Vynco VM range (VM17, VM34, VM51, VM68 and VM85) can be fitted to its respective surface mount kit.

These kits can be used for new installs or in a retro-fit situation to replace old style boards.

There are ample knockouts and cable entries to accommodate almost any wiring layout.

#### WARRANTY

This product is covered by a 1 Year Vynco Warranty - proof of purchase is required. Please contact Vynco for details of returns procedure.

**NOTE:** This product contains NO user serviceable parts.

#### INSTALLATION PROCEDURE

##### STEP 1

Screw the surface mount enclosure securely to the wall.

##### STEP 2

Fit VM board into enclosure and line up the fixing holes with the M6 rivnuts. Using the M6 screws supplied, screw the respective VM board into the surface mount kit.

##### STEP 3

Fit off cover assembly as per normal wall installation using screws supplied.
