

EASTWOOD

LED HIGH BAYS

- 120 Lumens per Watt efficacy
- High performance thermal management design ensuring low LED junction temperature
- No UV and IR radiations
- 50,000Hr lifespan under normal conditions
- Acrylic Diffuser plate (not glass), can be used in supermarkets and other food related spaces.
- 1.5m flex and plug
- Suitable for warehouses, production and logistics workshops, retail stores, amusement parks, indoor stadiums and public places, and other industrial and commercial lighting purposes.
- IP65
- Lumiled 3030 LED Chip: 216 chips for 150W, 276 chips for 200W, Meanwell Driver
- 4 Years Warranty

VYNCO LIGHTING

Code	Power (W)	Lumens Output	Colour Temp (k)	Dimensions (mm)	Weight (kg)	Beam Angle
HB1505	150	18,000	5000	320 dia x 189 H	5.6kg	120
HB2005	200	24,000	5000	320 dia x 189 H	6.2kg	120

-40°C ~ 50°C working temperature

Lumiled 3030 LED Chip: 216 chips for 150W, 276 chips for 200W, Meanwell Driver

High quality die-cast Aluminum heatsink, and durable powder painting surface treatment
