

MOORE UNDER VERANDA BATTEN

SUITABLE FOR CEILING AND WALL MOUNTING OR SUSPENDING

SAFETY INFORMATION:

To ensure correct function and safety, please read and follow all instructions carefully before using the product:

- Turn off power before installation or before doing any maintenance work.
- Do not install any luminaire near a heat source.
- Do not exceed the nominal supply voltage or amperage ratings.
- Take care not to pull any electrical wires during unpacking as this may damage the connection.
- Lay out all the components on a smooth surface and make sure there are no components missing before assembling.
- To avoid injury or damage to the fitting, please ensure that power leads and screws are secure before connecting the power.
- All wiring and installation of the light fitting must adhere to AS/NZS 3000 Wiring Rules.

INSTALLATION INSTRUCTIONS:

- Switch off before installation.
- Switch on only after complete installation and examination of the circuit.
- Installation and maintenance should only be completed by a registered electrician.

Turn off power supply before starting any installation. Read instructions & check you have all the tools & accessories to complete the installation correctly.

1. Place the surface mount metal clip to the position of where the light is being installed. Install the metal clip using the wall plug and the 2 self-tapping screws provided.

2. Push the PC grey base onto the mounted clips. Clips must match the mounting points on the light fitting.

3. Insert the Mains through the side entry gland. Tighten the screw after feeding the cable through to the terminal block.
